

7th Grade Summer Reading

Could you be an FBI agent?

You're halfway through your homework and the director fo the FBI keeps texting you for help.... What do you do, save your grade or save the country? If you are Florian Bates, you figure out a way to do both!

Florian has just moved to Washington, DC. He's learning his way around using TOAST, which stands for the Theory of All Small Things. It's a technique he invented to solve life's little mysteries, such as where to sit on the first day of school. But when he teaches it to his friend Margaret, they uncover a mystery that isn't little. In fact, it is HUGE and it involves stolen art work, the FBI, and a notorious Mafia syndicate know as EEL!

Enjoy your summer reading! Be sure you have finished reading it by Monday, August 22! If you have any questions please contact the 7th grade Language Arts teacher, Jennifer Horton. Happy reading!
