Giving is easier than ever - text to give from the convenience of your phone! How does it work?

### Step 1

You can now easily give at any time with one simple click. Text “GIVE” to 833-988-4365 (Trinity’s unique texting number).

### Step 2

You will receive a reply linking you to the set-up page. You will then quickly fill out your giving information and credit/debit card or ACH details. Once complete, your information is securely saved for future gifts. Now you’re ready to give!

### Step 3

After filling out your giving information and your first gift is made, you will receive a confirmation text message and an email with the gift receipt included. If you’ve made a mistake – no problem. Just text refund in the reply.

### Step 4

After your first donation is made, you can easily give at any time by simply texting your dollar amount (ex. 250) to Trinity’s dedicated number – 833-988-4365 and hit send.

As always, thank you for your continued support to Trinity.
